

THANK YOU!

A huge thank you to the congregation for the strong support at the May 5th Vote for moving forward with Phase I of our renovation project. This includes beginning the excavation of the east lawn for on-grade egress from Hardy Hall and the development of a community patio, and renovating the kitchen allowing us to not only address the vast majority of our safety concerns but also to begin to live into our vision as outlined in our Strategic Plan.

We are also happy to announce that we have paid back in full the \$50,000 loan from the endowment that was used to kickstart Building our Vision.

Another giant thank you for donations to the Capital Campaign! We are at \$1.6 million and growing. This summer, we will begin to reach out to the community for monetary and in-kind donations that will bring that number up while we work to bring our top number down. We are thankful that the Squires Family has generously underwritten the patio naming opportunity. It is the Squires' hope that we will be able to use this gift to inspire others to invest in our community by donating generously in Jim and Jan's honor. Our church plays a vital role in our town and we are confident that our neighbors will support our efforts.

Over the summer, BoV will be selecting a construction manager and refining costs, while we continue to solicit approvals from town boards and develop design details. We intend to remain as transparent and visible as we have been to date and are always looking for more people to join the effort. Please see the related taskforce list (page 6) and let us know if you would like to be involved in this process.

We are always happy to hear from you!

Ed Wigfield, Sarah May
