

Welcome Visitors!

We are so glad you have come to the Adam Verrecchia Memorial Community Garden. We hope it fills you with the peace and tranquility it is intended to bring.

The garden was built in memory and honor of our son, Adam, who died on August 3, 2020, after a courageous battle with brain cancer. Throughout his entire short life, Adam had a tremendous faith in God. His faith was inspirational to so many because he showed how to accept life's challenges with grace, and above all else, show love to others.

We welcome any visitors to purchase an engraved brick in memory of a loved one to be installed in the center of the cross patio. It is the hopes of the church that anyone who wishes can have a piece of this space to call their own.

This garden would not be possible without the generosity of the many people who gave their time, talent, and financial resources to its creation. We thank every person who helped in the realization of bringing this garden to life. We also thank every visitor, as you represent the "living" of what we envisioned for the use of the garden.

If you'd like to learn more about the Congregational Church of Hollis and this garden, please scan the QR code, which will take you to <https://hollischurch.org/avmcg/> for more information. Also on that webpage is a link to the order form to purchase a memorial brick to be placed in the garden, or you can email avmcg_bricks@hollischurch.org.

Thank you again for visiting today!

Sincerely,

Joel and Kim Verrecchia, on behalf of the Congregational Church of Hollis
